Are you ready for your festival dream?!

The scenery at the beautiful lake Tunisee is the perfect place to enjoy the sun in the summer, to take a deep fresh breath and to be part of this really popular and one of the greatest German festivals for electronic dance music. You can try out several water sports and other activities in and on the lake, which will give you an extraordinary summer feeling.

Forget about all your everyday worries within these two days. Enjoy the sun, dance, laugh, cool down in the water, go on a remarkable musical journey and celebrate with thousand other fellows from the whole world.

After its initial success in 2014, Sea You continues to sell out year-on-year and it is easy to see why when you can so easily immerse yourself in this scenic location.
